Chapter 1 by Joseph Tovar

It was on the 30th, October the 30th to be exact. My parents were gonna get me a costume, but I of course wanted to just get food'n'stuff. I was in my room, on my phone listening to music, when suddenly...I hear something outside. It wasn't a dog barking, or the house creaking, it wasn't a knock either. I thought it was someone who accidentally stumbled and fell, someone early for Trick-or-Treating. I decided to go downstairs to tell my mom and dad, in which I expected them to be in the living room. Slowly creeping down the stairs, I noticed that the TV wasn't even on. Guessing they were in their room, I went back upstairs to find them not to be anywhere, not even a trace of human existence. I thought "Obviously their outside, that was the noise!" but no, I checked outside and even went outside. There wasn't any cars, people, kids, no nothing. I began to wonder what happened. Could this just be a coincidence, or could it be some sort of... joke? I decided to go in town on my bike and see if I could find anyone else other than me. as I get closer to the stores and things I see nothing and as I get closer and closer I still see nothing ! Then I began to think about the noise I had heard a while ago that came from the yard. I decide to head back and see if i could find any clues. When I get back to my house I start to check the yard the only thing I find is some slime and some kind of remote thing it was starting to get late so I thought I would head to bed even though I was still quite worried a just pushed it away..."Are you ready, are you ready?!" I wake up to the sounds of whispers saying "Are you ready are you ready?". I grab my flashlight off of my dresser and go look out my window because really I was to scared to turn on the lights. "You IDIOT!" I hear someone yell. "I'm sorry I just don't know" Confused, I looked out closer to find a group of kids outside seemingly Trick-or-Treating. I turned off my flashlight. "Why'd you do that stupid!" said one of the kids "Look at

what you did!"

"We're in so much trouble dude!"
